ANSWER: Transcript: A: Good morn ing - Dave Smith says. B: Hello – could I talk to the organizer of Preston Park Run? A: Yes tha t's me. B: G rea t - u m - I talked to my bout run friends and they offered to contact you for more details. A: Su re – what would you like to know? B: Well, they said it's done every Saturday, right? A: Yes. B: OK – great! A: Do you know where the park is located? B: Oh yes - I've been there before. But it's pretty big and I'm not sure where to go. A: There is a circular track that runs around the park. The run begins in a café, passes next to the tennis courts, and then twice around the lake and ends where it began. B: OK and what time is the run? A: Well, the actua l run starts at 9 am, but runners start arriving around 8.45am. B: OK - so I have to get up early saturday morning and then . And how long does it take to run? A: It used to be three kilometres, but most people wanted to do a bit more, so we extended it to five kilometres – now we circle the lake twice, and that adds an extra two kilometres. B: Right – you don't know you've ever run that far, so it's better to start doing some training. A: It's a good idea. But it's not a race, it's really just for fun and the best thing would be to make it easy the first few times to do it and then see if you can gradually improve your time. B: Is it then the start-up time? How do I know how well I did? A: When you cross the finish line, you'll get a barcode and grab it from one of the volunteers who will scan it. Then you can get your time online when you get home. B: Oh – I see. You collect all the results. A: Exactly. B: I see - that's great. So how to register? A: There are several ways. I could rake your data over the phone, but it's a lot easier if you do it using a website. B: OK – good. Um, I think that's probably all I need to know for now. Oh yes - does it cost anything to register or raise money every week? A: Well, registration costs nothing, but we charge a running fee. In fact, we have just increased the fee to £1.50. It used to be a pound, but because we were making a bit of a loss we had to increase it by 50p. B: OK thanks. I think I have enough information about participating in the race. {pause/ B: Hm – you mentioned volunteers. I have a friend who is interested in help. Can you give me some details so I can pass them on to her? A: Sure - well you need to ask a friend to contact Pete Maughan. He manages all volunteers. B: OK - Don't really catch his name - it's Morn - M-O-R-N? A: No - a little more complicated - it's M-A-U-G-H-A-N. B: Right – thanks. And could you give me your phone number? A: Yes – only for a moment. It's somewhere here - let me just find it. Ach, I have two numbers for him. I think the one that starts 0-1-2-7-3 is old, so use this: it's 0-1-4 double 4-7-3-2-9 double zero. B: OK – I have it. Can you me something about volunteering? How does this work? A: Sure . we need volunteers for basic things like setting up a course. We have to do this before all the runners come. B: OK - so it's a really early start! A: Yes, it's true. But if your friend would prefer to come a little later, he can also help guide runners so they don't go the wrong way. B: I see. I believe you are reporting on some races. A: Yes, it's true. In fact, we make a weekly report on each race and always try to illustrate it. B: OK - well, my friend really likes to take pictures. I just bought a new camera. A: Actually, that would be great. I don't know if Pete has anyone to take pictures of this week. B: Oh, I'll let her know. A: OK well. Can you ask a friend to call Pete and let him know? B: Yes I will be. A: OK thanks. Good bye.
